Section 9. Applicability of Agency Rules, Regulations, and Policies. (e) Calls of an emergency or life threatening nature that do not meet the definition of emergency situation may be responded to as a mutual response situation by the agency which initially receives the call, concurrent with the referral to the agency having actual jurisdiction or at the direction of the Sheriff. The urgency of the law enforcement mission supersedes temporary jurisdictional determination. When officers from both agencies are at the scene of an emergency, the agency with primary jurisdiction will have full authority and responsibility for the law enforcement operation at the scene unless otherwise directed by the Sheriff due to circumstances justifying a change of the primary jurisdiction. The senior officer from the agency with such jurisdiction will be in command of all law enforcement officers from both jurisdictions unless they elect to defer to or seek assistance from a more experienced/seasoned officer or supervisor on the scene, or unless the Sheriff directs otherwise due to circumstances justifying a change of the primary jurisdiction.

Section 12. Communications. In any mutual response situation where the Mutual Aid Agreement has been invoked, radio communications should be established between the parties, where possible, through the use of the local public mutual aid radio system. Officers of the city and of the Christian County Sheriff's Office shall either be supplied with two-way radios that include the frequencies necessary for cross agency communications or they shall be assigned to work with an officer of the agency. In no case, shall any police personnel be assigned to a post or function without the ability to communicate with the command post and other police personnel.

Section 13. Compensation. Each party providing personnel under the scope of this Agreement agrees to be responsible for the wages, pension, and workers' compensation benefits incurred by their own personnel as a result of the emergency situation. Mutual aid assistance shall be rendered without charge to a requesting party both during the normal conduct of police business and in emergency situations. Each party shall pay its own costs (i.e., salaries, repairs, materials, compensation, etc.) when responding to requests for mutual aid or contingency response.

Section 14. Investigations and Follow-Up Investigations of Officer Involved Incidents Other Than Traffic Accidents.

(a) In all cases where there is an officer involved shooting, the initial incident will

be initially investigated by the Christian County Sheriff's Office, and the decision as to whether the investigation will be referred to the Missouri State Highway Patrol Division of Drug and Crime Control will be made by the Sheriff.

(b) In all situations involving Christian County, Missouri, Deputy Sheriffs' or employees of Christian County, Missouri, or involving real or personal property owned by Christian County, Missouri, the investigation shall be initially investigated by the Christian County Sheriff's Office, and the decision as to whether the investigation will be referred to the Missouri State Highway Patrol Division of Drug and Crime Control will be made by the Sheriff.

Williams*, 144 S.W. 2d. 98 (Mo. 1940).

Section 15. Traffic Accidents.

(a) Traffic accidents that occur within Christian County and outside of the city's corporate city limits shall be investigated as a general rule by the Missouri State Highway Patrol. 1. The Christian County Sheriff's Office will provide the city with information which may reasonably be expected to impact the City, unless that information is of a sensitive or classified nature, as determined by the Sheriff.
 2. The city Police Department shall provide the Sheriff's Office with information, including sensitive and otherwise classified information that may reasonably be expected to impact the County unless that information is of a sensitive or classified nature, as determined by the Chief of Police.
 3. The criteria to be used to determine information exchange is whether there is any reasonable indication that the persons involved or implicated in any incident may reside in, traverse through, or commit further criminal acts in the jurisdiction of the other.
 4. The criteria to be used to determine whether and the extent to which information may be classified or sensitive is whether there is a reasonable indication that the persons involved or implicated in any incident may have been involved in any criminal actions or behaviors which would be leaked to persons without the need to know, which would likely either get back to the persons involved or which would otherwise alert such persons of the fact of the investigation or its status.
- (b) This Agreement does not impact Uniform Crime and/or NIBRS reporting requirements.
- (c) In accordance with the racial profiling provisions of Section 590.650, RSMo., each agency will report their own contacts regardless of the jurisdiction in which the enforcement action was made.

Section 18. Liability. The execution of this Agreement shall not give rise to any liability or responsibility for failure to respond to any request for assistance made pursuant to this Agreement.

- (a) Each agency shall be solely responsible for all claims, damages, and losses sustained by its own law enforcement agency and police personnel. This Agreement shall not be so construed as to create any agency relationship, partnership or joint venture between the parties. Each party hereto shall procure liability insurance coverage in an amount reasonably sufficient to satisfy the liability for damages reasonable foreseeable from the activities herein contemplated, or shall be self-insured. In no event shall the language of this agreement

constitute or be construed as a waiver or limitation of either party's rights or defenses with regard to each party's applicable sovereign, governmental or official immunities and protection as provided by federal and the state's constitutional laws.

(b) The city assumes full responsibility for actions taken in accordance with this Agreement by its police personnel, in areas of Christian County outside their corporate City limits, including but not limited to, civil liability, workers' compensation insurance, and other employee issues arising from the actions taken pursuant to this Agreement.

(c) A party shall not be liable to the other party for any action, failure to act, delay, mistake, failure to respond, negligence, or failure to effectively combat or handle any law enforcement issue or problem arising out of any assistance requested or provided hereunder.

(d) This Agreement shall not be construed as an agreement for the benefit of any third party, and shall not be construed to invoke or cause any party to provide any duty to prevent harm to any individual person involved.

(e) The parties agree that all individuals shall retain all worker's compensation rights and pension and disability rights while performing duties in accordance with this Agreement.

Section 22. Effective Date of this Agreement. This Agreement shall become effective as to each party political subdivision when approved and executed by that political subdivision. The Agreement shall remain in effect as between each party until participation in this Agreement is terminated by the party.
