

AN ORDINANCE OF THE NIXA CITY COUNCIL AMENDING THE OFFICIAL ZONING MAP BY CHANGING THE ZONING CLASSIFICATION OF 1101 NORTH KENNETH STREET FROM M-1 (LIGHT MANUFACTURING) ZONING TO HC (HIGHWAY COMMERCIAL) ZONING

Background:

The property subject to the rezoning request is an unplatted lot located at the NW corner of the intersection of North Kenneth Street and West Kathryn Street. North Kenneth Street is an outer road adjacent to Highway 160. A vehicle maintenance facility was constructed in 1974, and the property has been used for bus storage, parking, and maintenance since that time. The property was voluntarily annexed in August of 1985. While not part of the Nixa Industrial Park, it was designated with M-1 (Light Manufacturing) zoning at the time of that development.

Analysis:

Surrounding Land Use

The lots to the North and West are zoned M-1. To the East is Kenneth Street, Highway 160, and on the east side of highway 160 is a Highway Commercial (HC) zoned lot. To the South is HC zoned property. Three of the four corners of a major intersection are zoned HC.

Transportation

The subject property is directly served by West Kathryn Street which is categorized as a Collector. The property is also accessible from North Kenneth Street and North Gerald Drive, which are both local roads.

Public Utilities (Water, Wastewater, Electric)

The subject property is currently served by municipal water and wastewater, electric is supplied by another provider. If redevelopment were to occur, Nixa electric is readily available in the immediate area should they prefer to use it over the current provider.

Other Public Services

The change in zoning was requested due to the property owner fielding calls with commercial interest in the property for uses not allowable in an M-1 zoning district. To

staff's knowledge there is no current plan for a change in use. Any future redevelopment of the property will require compliance with current development regulations.

Planning and Zoning Commission:

A public hearing for this item was held November 6th in front of the Planning and Zoning Commission. A representative for the property owner approached the Commission to provide some background for the rezone request. With all things considered, the PZ Commission voted 6-0 to recommend approval to City Council.

Recommendation:

This proposed rezone is consistent with zoning patterns in the vicinity, the other 3 corners of the intersection are zoned HC. According to section 117-99 the prior use of the property is allowable in HC zoning. Staff recommends the approval of this rezone.
