

AN ORDINANCE OF THE COUNCIL OF THE CITY OF NIXA APPROVING THE ANNEXATION OF APPROXIMATELY 12 ACRES OF REAL PROPERTY GENERALLY LOCATED AT 1137 SOUTH TRUMAN BOULEVARD AND ZONING THE PROPERTY SINGLE- FAMILY RESIDENTIAL

Background:

The City of Nixa purchased the 12-acre parcel that is subject to this annexation, as a potential future location for a municipal water tower and a Nixa Public Works storage building in August of 2013. A salt barn storage building was erected shortly thereafter. In 2019 Construction of a well and water tower began and was completed in 2020. The following year Nixa Parks Department fenced in 4 acres and added amenities for a dog park to the property. Annexation seems appropriate at this time given its eligibility and the varied municipal uses of the property. The subject property will be added to council voting district 3.

Analysis:

Surrounding Land Use

North of the subject property is an undeveloped 75-acres within the city limit zoned R-1 single family. East of the property is Forest South subdivision, an R-1 single family development within the Nixa city limit. South of the property is a KAMO substation which is outside the Nixa city limit. And to the West is a 20-acre farm which is outside the Nixa city limit.

Comprehensive Plan

The Nixa 2045 Comprehensive Plan identifies the property in the tier 1 future annexation area, with the future land use map showing single-family residential as the appropriate land use. The proposed annexation is requesting R-1 zoning, though there would be a quasi-public municipal overlay to accommodate the existing use. No future residential development is expected.

Transportation

The subject property is served by S Truman Boulevard which is categorized by the Ozarks Transportation Organization (OTO) as a Collector. No future connections are expected or planned; however, a traffic study would be required should the need for additional access arise.

Municipal Utilities (Water, Wastewater, Electric)

Nixa municipal water and electric are currently present and accessible on this lot. There is a sewer main running north/south on the East side of Norton Road which could reasonably service this lot though there is no current plan that would require a connection to city sewer.

Stormwater Management

Any future development of the site will be required to conform to the City's adopted stormwater management regulations. Additionally, any future development would compel a sinkhole evaluation. The presence of any potential sinkholes would require conformance to the city's regulations concerning development near karst topography. These regulations address both flooding and storm water quality concerns.

Other Public Services

The proposed land use is not expected to add traffic to the City's jurisdiction. The City's development regulations will require standards to be met to ensure sufficient access to the site for emergency response, rescue, and fire suppression. The land subject to annexation is within the current service areas for the Nixa Fire Protection District, Nixa Police Department, and Nixa Public Schools.

Planning and Zoning Commission:

A public hearing was held at the November 6th meeting of the Planning and Zoning Commission. No one approached the Commission during the public hearing. With all things considered, the PZ Commission voted 6-0 to recommend approval to City Council.

Recommendation:

The property is compact and contiguous to the current city limit. The requested zoning is consistent and harmonious with the surrounding area as well as the comprehensive plan. Staff recommends approval of the annexation and zoning request. Staff recommends that the property be added to Council District 3.
